*Depth includes door handle, height includes casters.

1. Stainless steel interior and exterior retains attractive finish longer.

2. Rounded corners create an elegant look while reducing chance of injury from sharp corners in slip-and-fall accidents.

3. Standard heavy-duty shelves maximize storage ability.

4. Standard heavy-duty casters make it easy to move and clean underneath.

5. Self-contained bottom mount refrigeration system:

- Simple installation with no plumbing required
- Easy access to lower level items inside the reach-in with less risk of back injury
- Because lower shelves are higher, contaminants on the floor are not as likely to enter an open reach-in
- Easy service access
- More inside storage space

7. Standard door features:

- Heavy-duty ergonomic pull handle
- Positive seal and self-closing to keep cold air from escaping
- Hold-open feature for easy loading or removal of items
- Locks to protect stored items

6. Electronic control system:

- Door open alarm helps avoid food spoilage with visible and audible warnings
- Alarm displays every six months as a reminder to clean condenser
- Adjustable temperature set point and defrost frequency
- Rapid freeze mode on freezers to quickly lower temperature
- Error codes to diagnose service issues

GLASS DOOR REACH-IN REFRIGERATORS

MBCTM4-F	23 ⁵ / ₈	24	31 ¹ / ₈	600	610	791	115	3.5	1/4	1	2	3.6	174/79

*Depth includes door handle(s).

1. Standard LED lighting for superior product illumination.

2. Durable pull handle holds up to heavy daily usage.

3. Adjustable shelves may be conveniently positioned to fit merchandising needs.

1. Adjustable shelving provides flexible product merchandising.

2. Cold wall refrigeration system allows more storage space.

3. LED lighting around door perimeter for efficient, high quality lighting.

SANDWICH/SALAD PREP TABLES

*Depth does not include removable cutting board on mega top models. **Height includes casters.

1. Stainless steel interior and exterior on all models retains attractive finish longer.

7. Locking pan adapter bars hold pans in place.

6. Drop-in section:

- Fans force cold air into this enclosed area keeping food items stored in pans consistently cold
- A stainless steel divider prevents food spillage into the storage area beneath
- Accommodates 6" deep pans (4" standard)

2. Standard heavy-duty casters make it easy to move and clean underneath.

3. Standard 9¹/₂" deep cutting board is reversible for long-lasting service.

4. Insulated lids help maintain food freshness.

5. Mega top models have an extra row of pans for added capacity.

PIZZA PREP TABLES

*Depth includes cutting board. **Height includes casters.

1. Stainless steel interior and exterior on all models retains attractive finish longer.

9. Insulated lids help maintain food freshness.

8. Drop-in section:

- Fans force cold air into this enclosed area keeping food items stored in pans consistently cold
- A stainless steel divider prevents food spillage into the storage area beneath
- Accommodates 6" deep pans (4" standard)

2. Standard heavy-duty casters make it easy to move and clean underneath.

3. Standard interior heavy-duty shelves maximize storage ability.

4. Self-contained refrigeration system:

- Generously-sized system maintains correct temperature for food freshness
- Simple installation with no plumbing required
- Comes with 9 ft. long power cord
- Easy service access

5. Heavy-duty ergonomic pull handles make it easy to open and close doors without twisting your wrists.

6. 1/2" thick, 19" deep reversible cutting board makes a large, durable work space.

7. Standard 1/3 size pans provide easy access to pizza toppings.

UNDERCOUNTERS/WORKTABLES

*Height includes casters.

1. Stainless steel interior and exterior on all models retains attractive finish longer.

2. Self-closing doors help keep perishables fresh.

3. Adjustable heavy-duty shelves, one per door.

4. Standard heavy-duty casters make it easy to move and clean underneath.

OVERSHELF OPTIONS

Extend the convenience of your Fusion prep unit or undercounter/worktable by adding a single or double overshelf.

Overshelves are available on all MBPT, MBSP, MBSMP and MBUR/MBUF models.

CHEF BASES

*Height includes casters. **Full size 20³/₄" x 12³/₄" pans. 1/4 size = 10³/₈" x 6³/₈" pans.

1. Stainless steel interior and exterior on all models retains attractive finish longer.

6. Evaporator coils are coated to resist corrosion.

5. Drawer units withstand maximum of 200 lbs. without deflection.

2. Full marine drip guard to prevent spills from dripping over the edge (not applicable on MBCB36).

3. Drawers are supported on stainless steel telescoping slides with stainless steel roller bearing wheels.

4. Upper and lower drawers accommodate up to 4" deep 12" x 20" pans as well as other sizes when optional horizontal dividers are used (pans not included).

BACK BAR REFRIGERATORS

* Depth includes door handles and back bumper.

1. Stainless steel top for added durability.

6. Standard door locks for added security.

5. Interior LED lighting for efficiency and optimum merchandising.

4. Internal height capacity allows stacking of three longneck beers.

2. Condensate evaporator for easy cleaning and service.

3. Two shelves per section, adjustable in one-inch increments, maximize merchandising opportunities.

Field interchangeable doors from solid to glass or glass to solid makes refrigerators adaptable to individual merchandising requirements.
